

APEX VIRTUAL IS A SUCCESS

Your safe fundraising solution – adaptable to any situation!

THE IMPACT

Apex Virtual has allowed students to regain some normalcy. Each option still provides students with the same sense of excitement and connectivity of a traditional on-campus format while offering the limitless fundraising reach through its web-based program. Apex Virtual also places emphasis on social and emotional learning to help students (and adults) comprehend and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions - all lessons that are perhaps more important during these challenging times than ever before.

“The camaraderie that comes from learning all those social emotional learning skills is just top notch!”

“The kids did such a good job, even our distance learning students!”

“My favorite aspect is the social/emotional learning standards. It is really important for our kids to continue learning those techniques every single day!”

“Such a fun, powerful day even though we weren't allowed to be in-person!”

THE RESPONSE

"Apex brought continuity and perspective to our students and our 'virtual' campus!"

PARENT

"The videos were my favorite part of the program! The kids LOVED it!"

TEACHER

"Apex is above and beyond anything I've experienced in over twenty years of education!"

PRINCIPAL

THE NUMBERS

**3 MILLION
STUDENTS**

impacted by our
programs over the years

**\$85
MILLION**

net profit for
over 5,000 schools
